This is a draft concept plan of the first street calming solutions we'd like to implement in Kardinya. It has been co-designed by our local community and will be presented to the City of Melville in March 2025 for consideration and (hopefully) approval.

The proposed pedestrian crossings, speed reductions and road treatments require Main Roads approval so the final design may vary.

We'll keep you informed about how this progresses but if you'd like to add your feedback, suggestions or changes, email us kardyconnect@gmail.com.
